What to know for the Chapter 13 Quiz

Theorems

- The Slope-Intercept Form of the Equation of a Line (Theorem 118)
- The Equation of a Horizontal Line (Theorem 119)
- The Equation of a Vertical Line (Theorem 120)

Problem Types

- Finding the equation of a line in slope-intercept form
- Graphing a line
- Solving systems of equations using the graphing method
- Solving systems of equations using the substitution method
- Solving systems of equations using the addition-subtraction method
- Graphing inequalities
